## *Plated Dinner Service Style*

When selecting your dinner time please take into consideration the following:

- bridal party line up after formal pictures for introductions
- First dance
- Dances with parents
- Speeches & Toasts
- Blessing

Please work with our wedding coordinator for a table number layout explanation to insure the best service for you and your guests. We serve the sweetheart/head table first and then table #1, #2 and so on and then your vendors (if applicable).

Vendors if not seated with the guests eat at the high top tables under the pavilion.

Typically the lower table numbers are up front so tables 1-4 would be laid out as such

Restroom side	Table 1	Table 2	Table 3	Table 4	Outside bar side
	Table 5	Table 6	Table 7	Table 8	(and so on)

A document stating the table number and the amount of each dinner selection is required 1 week before the wedding date. This does not have to be anything fancy.

Ex: sweetheart table 1 chicken 1 beef  
Table 1 6 chicken 4 beef  
Table 2 5 chicken 5 beef (and so on)  
Vendors 2 chicken 1 beef

\*Totals – should match the FINAL COUNT you provided Jacqui

We also require you to provide the bridal coordinator with a listing by table number stating the guest's first name and dinner selection – Chamberlain staff will approach each table and call your guest by their first name.

Example: Table 1

- Mary - chicken
- Steve - beef
- Al - Vegetarian
- Jason - kids meal

The bridal coordinator will work with your vendors to keep the time line as close to the times given to Chamberlain's. In order to facilitate smooth and efficient table service, please ask your DJ or band to have everyone seated at the start of dinner.

Thank you
